FEBRUARY 4, 2020

COMMITTEE OF THE WHOLE REPORT

REPORT NO. CW-013-2020

COUNTY ROAD 44 – SPEED REDUCTION
IN THE MUNICIPALITY OF NORTH GRENVILLE

ARUP, MUKHERJEE
DIRECTOR OF PUBLIC WORKS

RECOMMENDATIONS

THAT the Committee of the Whole recommends the establishment of a speed zone of 50 km/h on County Road 44 from Concession Road to Curtis Avenue in the Municipality of North Grenville; and

THAT the necessary by-law be prepared.

BACKGROUND

The Mayor of North Grenville requested a reduction in speed on County Road 44 south of Concession Road.

DISCUSSION/ALTERNATIVES

Staff have reviewed the request and recommend reducing the speed to 50 km/h on this section of County Road 44. This section currently has a speed limit of 60 km/h and is a transition zone from the rural area entering the Municipality and the urban downtown core. The reduction in speed limit to 50 km/h upon entering the urban area is consistent with other Townships. A speed limit of 50 km/h is more appropriate as motorists are travelling through a section of road where
driveways have a closer spacing and there is direct residential and commercial frontage on the road.

The Mayor of North Grenville supports the reduction in speed.

**FINANCIAL**

There are sufficient funds in the operations budget for the costs of sign installation by Counties staff.

**ATTACHMENTS**

Nil.
